

Forest Academy for EU Decision Makers

May 2020, Southern Sweden

Building dialogue on forest-based solutions offers possibilities to address global challenges. Forest Academy is a discussion forum focusing on how forests can contribute to the development of a sustainable circular bioeconomy. Forest Academy includes a two-day intense field course in southern Sweden. The programme consists of seminar sessions, field excursions, discussion and network building. Content will be international, carried out in English.

Join and give your input to this exclusive platform!

Five reasons why you should not miss it:

1. Sharing your insights and connecting with other key decision makers in EU institutions
2. Hearing inspiring keynoters on global themes
3. Drafting the big picture: from global challenges to hands-on solutions and back
4. Enjoying the exclusive program with fascinating site visits
5. Having your say to shape the future!

The event is by invitation only. Further information: www.forestacademy.fi

Forest Academy for Decision Makers is a joint venture between Finland and Sweden, with the engagement of extensive stakeholder participation. The Forest Academy communication tool is produced by the Finnish Forest Association, a non-governmental, non-profit cooperation and communication body joining all major forest-related interests in Finland.
